What to bring

Campers should bring a snack and water bottle. They should wear comfortable clothes that allow them to move freely and that covers the backs of their knees. Parts of camp are outside so send children in closed-toe shoes and jackets in the winter. After-campers should also bring a packed lunch that does not need to be refrigerated.

Covid

We are continually monitoring local case rates, hospitalization rates, and other available metrics, to determine the level of transmission in the community. Any updated Covid protocols will be communicated to caregivers before the start of camp.
